

# Lights of Life

Remembering loved ones

Lights of Life offers a way to remember the lives of our loved ones who have died.

We often miss them during the holiday season.

Visiting a Lights of Life tree and hanging a tag in their memory is a way to bring their presence closer. It's a meaningful thing to do on your own, or with family, friends, or coworkers.

You will find Lights of Life trees at the Elijah Smith Building on Main Street, including a child tree and a pet tree.

Lights of Life trees are also found across Whitehorse and in many Yukon communities.

Check our website or call (867) 667-7429.
